End on black box theatre with raked seating. Stage is at floor level. This theatre is on the first floor above a restaurant. Air conditioned.

Seating

57 individual seats. End on.
Can be upped to 67 by adding a second row on the floor – though this does effect sight lines and lighting.

Stage Dimensions

Width 6.30m
Depth 5m (from rear drapes to audience)
Height to lower cord of lighting truss 3.3m

Stage Floor

Vinyl dance floor – so limitations on anything that might damage this.

Stage surround

Black drapes on rear and Stage Right

Stage Left wall is side of theatre

Rear drapes can be opened to reveal fixed projection screen

Site lines

Good

Access

Down Stage Right wing

Access around rear of auditorium and through audience door (black drape inside door)

Stage Left with audience door – notice SL wall rather than curtains

Audience/ load in entrance

From ground level up flight of stairs and through double door Stage Left.
Wheelchair stair lift available.

The location of the audience entrance means latecomers are very noticeable.

Foyer – with theatre entrance on right

Entrance stairs

Set Storage

Storage is limited in ‘corridor’ Stage Right and very limited in dressing room.

Furniture

The venue has a limited selection of chairs and tables which may be available.

Stage Right

Dressing Room

Small room at rear of stage, toilets and showers shared with audience upstairs. The dressing room is not accessible until the previous show has finished

Lighting

Basic trussing above stage and at rear of auditorium, limited lighting stock.

Fixed two colour general cover with two specials (profiles) that can be refocused for each show.

Lighting desk, Titan 24 way with 12 submasters. Programmable with individual states.

There are only 24 dimmers at Kampa so it is difficult to add extra lighting.

Sound

1 x Dennon CD/ Cassette(!) player

Basic selection of Microphones

Sound Mixer – Soundcraft MFX 12 way

Panoramic View of stage

Panoramic view of auditorium

N.B the above photos are taken in 180° “panorama” view, so there is strong distortion, for example seating is on straight lines.
